

# Marshall County Museum

## Archaeo-ABCs

### READ:

Have you ever wanted to go on a real archaeological dig? How about digging in your own home? Look around your house and find objects that you can photograph or draw for every letter of the alphabet. Be creative and don't just settle for the first thing you see <like A = 🍎 >. Make a book of your 'artifacts' and share it with family members, or turn it into a family project!

### DO:

- ◆ Use the alphabet Notebook pages with the letters down the side.
- ◆ Walk around your home (inside or outside) and write down objects you see that start with each letter. Think creatively for Q, X, and Z!
- ◆ Take pictures and print them out or draw on paper and color each object that you find.
- ◆ Write a description of the object on the back of each page, including what it is, how it is used, and what made you decide to choose it.
- ◆ Talk about your findings with a family member, especially if you don't know anything about the item or how it is or was used.
- ◆ Make a front and back cover for your book out of construction paper.

### SHARE:

- ◆ Staple your pages together and read your new book to your family!
- ◆ Post pictures of your favorite letters/pictures from your book on social media with the hashtag #MCMuseumFromHome.

**Approximate Time:** 30 - 45 minutes

#### Materials:

- Paper/Pencil
- Coloring Supplies
- Stuff from your house or yard
- Construction Paper
- Stapler
- Camera (optional)
